THE AGA KHAN UNIVERSITY

آغا خان یونیورسٹی ہسپتال
The Aga Khan University Hospital

Recommendations for staff in all inpatient clinical areas

Always practice hand hygiene before donning PPE and after doffing PPE
Remove gown before leaving patient care areas

Full-sleeved impervious gown | Surgical mask | Face shield | Goggles

- Gowns need to be changed if they are soiled or wet
- All PPEs should be changed as per Transmission Based Precautions (TBP) policy for all infected patients e.g. MDRO (CRE, VRE, MRSA, etc.)
