

Instructions for Australian Immigration Medical Services

Salient Features:

- The process typically involves one visit, except in rare cases where two or more visits are required.
- Consultations are provided at Clifton Medical Services (CMS). However, in cases requiring further investigations or unavailable services, referrals may be made to AKUH Stadium Road (in rare cases).
- Please note that consultations will be postponed if the required documents are not presented..
- Package prices exclude vaccinations, additional treatment visits, or referrals.
- Consultations are conducted by highly trained and credentialed doctors from various specialties under one roof.

Please note the following:

- Complete medical information must be provided during the consultation, especially if a medical escort is required for travel.
- All applicants must bring their past vaccination records, including those for polio and COVID-19.
- Additional charges will apply for further investigations, such as lab tests, radiology, etc.

Instructions for Australian Immigration Medical Services

After documentation verification, the medical process by age group is as follows:

1) Applicants aged 0-2 years will undergo:

- i) Consultation.

2) Applicants aged 0-15 years will undergo:

- i) TST Mantoux test.
- ii) Consultation.

3) Applicants aged 15 years and above will undergo:

- i) Chest X-ray (Please note: Pregnant women will undergo a chest X-ray with protective shielding and consent. Women can choose to delay the X-ray until after delivery, which will postpone their medical clearance. The Embassy must be informed).
- ii) Consultation.
- iii) Serum Creatinine test.
- iv) HIV test (for Permanent Visa subclass only).
- v) Serology tests for HIV, VDRL, and Hepatitis B & C (charged separately based on case requirements).

Important Items to Bring:

- 1) Laboratory or blood test results from the last six months.
- 2) Eyeglasses (if applicable). **Note:** Contact lenses are not allowed.
- 3) A list of daily medications.
- 4) Cash for vaccinations, diagnostics, or further referrals as advised by the physician.

Collection of X-ray Envelope:

- The approximate collection time is **30 minutes**.
- Applicants must present their **original passport** to collect the X-ray envelope
