DON'T DELAY YOUR TREATMENT

Ignoring your health can cause problems in the long run

Extraordinary safety precautions based on stringent infection control guidelines have been taken to ensure you feel safe when visiting.

- **Masks:** All patients, attendants and staff must wear a mask at all times. Masks are available at our pharmacies.
- **Cleaning and Disinfection:** All the counters, chairs, benches and floors, as well as all frequently touched surfaces, such as door handles, railings and lift buttons are regularly cleaned and disinfected.
- **Physical Distancing:** Seating areas have been reorganised to create separation. Cafeteria seating has been removed; take-away meal boxes are provided. Prayer and other congregation areas have been closed.
- **Patient Attendants:** Only one attendant allowed with one patient. No attendants allowed for patients admitted at the COVID-19 Diagnostic and Treatment Zone.
- **Patient Visitors:** No visitors allowed.
- **Personal Protective Equipment (PPE):** Provided to all the staff.
- **COVID-19 Screening, Testing and Treatment Zones located away from the main hospital:** Patients coming to the main hospital for COVID-19 services enter through a separate gate and are taken care of in special designated areas.
