The Aga Khan University Hospital

Breast Cancer Screening Package

Package Price: PKR 9,400

Breast cancer is the most common cancer found in women in Pakistan. Regular screening tests can help detect it early so you can benefit from a quicker and easier treatment. The Aga Khan University Hospital offers a complete breast screening package for early detection of breast cancer.

Package Components:

- Consult with a Breast Surgeon
- Bilateral Mammogram

Terms and Conditions:

- Prices are inclusive of doctor's fee.
- All prices are in PKR on per person basis.
- All prices are subject to change without prior notice.
- No discount of any kind may be applied to packages prices.
- The service is available for 90 days from the date of purchase of the package.
- This package requires two visits, the first to run the tests and the second for doctor's consultation.
