

آغا خان یونیورسٹی ہسپتال

The Aga Khan University Hospital

Do You Know?

Even a sneeze can break your bones if you have OSTEOPOROSIS.

Step up for your Bone Health

Healthy Bones Screening Package

Package Price: PKR 29,750

Your bones are dynamic living tissue and store your body's calcium and other minerals. Whenever your body needs calcium, it is taken from your bones. Simultaneously, the body builds new bone to replace what it has utilized. This constant process of dissolving and re-developing bones goes on throughout your life and is termed as "bone remodeling". But, when this balance is disrupted, as in the case with osteoporosis, bones weaken and fractures can happen easily, even while coughing or sneezing. Don't wait, test your bone health today!

Package Components:

- Consultation with an Endocrinologist
- Dexa Scan
- Laboratory Investigations
 - ▶ Calcium
 - ▶ Albumin
 - ▶ Phosphorus
