

Instructions for Australian Departure Health Checkup (DHC) Services

Salient Features:

- The process typically involves one visit, except in rare cases where two or more visits are required.
- Consultations are provided at Clifton Medical Services (CMS). However, in cases requiring further investigations or unavailable services, referrals may be made to AKUH Stadium Road (in rare cases).
- Please note that consultations will be postponed if the required documents are not presented.
- Package prices exclude vaccinations, additional treatment visits, or referrals.
- Consultations are conducted by highly trained and credentialed doctors from various specialties under one roof.

Please note the following:

- Complete medical information must be provided during the consultation, especially if a medical escort is required for travel.
- All applicants must bring their past vaccination records, including those for polio and COVID-19.
- Additional charges will apply for further investigations, such as lab tests, radiology, etc.
- The Departure Health Checkup must be completed before 72 hours of departure. It is advisable to book your DHC at least one week prior to your travel date.

Charges for Male and Female Applicants (Per Person)						
Age Group	Package Cost (PKR)	Details				
		Physical Examination	Chest X-ray	TST (Mantoux)	UPT (Urine Pregnancy Test)	Malaria Test
0-5 years	21,450	√	x	x	x	√
5- 15 years	23,900	√	x	√	x	√
15 years and above (Female)	28,760	√	√	x	√	√
15 years and above (Male)	26,800	√	√	x	x	√
