

آغا خان یونیورسٹی ہسپتال

The Aga Khan University Hospital

Your Ideal Healthcare Destination

Trusted for World Class Quality

The Aga Khan University Hospital, Karachi has been trusted to provide world-class quality healthcare for over 35 years. Built on University Campus grounds spanning 83-acres, we are a premier tertiary academic hospital and have been pushing frontiers to offer world class standards of care, leading the way in healthcare in Pakistan.

A female doctor in white scrubs, wearing glasses and a stethoscope, stands on the left side of the frame. She is holding a clipboard and looking towards the patient in the bed. Her scrubs have a blue trim and a stethoscope is draped around her neck. A name tag is visible on her chest.

A patient is lying in a hospital bed, looking up at the doctors. She is wearing a white hospital gown. The bed has white linens and a white headboard with a decorative pattern. The patient's right arm is resting on the bed, and a blood pressure cuff is visible on her upper arm.

A male doctor in white scrubs, with a beard and a stethoscope, stands on the right side of the frame. He is pointing at a CT scan image on a monitor. His scrubs have a red logo on the chest and the text "The Heart of University Hospital" is visible. He is wearing a watch on his left wrist.

Expect

Exceptional Care

We offer specialized outpatient, inpatient, day-care, therapeutic and diagnostic services for our patients, delivered by our highly competent, attentive and compassionate staff. Our teams are highly experienced and internationally trained in the full range of hospital services.

Our multidisciplinary approach to care offers holistic, well-rounded care to our patients who benefit from our patient-centered focus and care philosophy.

Our care offering extends beyond our Hospital grounds. After your discharge, our Home Health Services ensures you are cared for, while in the city. After returning home, our doctors offer continuity of care through tele-consultations, till you are well enough to return to your primary doctors.

Experience

Clinical Excellence

The breadth of our services, available *all under one roof*, together with the harmony of our doctors, surgeons, nurses and support staff allows us to adopt a multi-disciplinary and holistic approach to medical treatment.

Our long-standing global accreditations are a seal of approval for your standards of quality and care. Our doctors, nurses and other staff are highly trained, often with sub-specializations from abroad. They have a proven track record with complex cases, where their skill and experience, ensure our patients get the best possible medical treatment.

Our high acuity special care and intensive care beds are equipped with critical monitoring system and staffed with highly trained teams for patients who require extra care and supervision during their treatment and recovery.

Feel Comforted and Relaxed

Whether you choose accommodations at our state of the art, modern and exquisitely designed private rooms and suites at the Princess Zahra Pavilion, or choose sharing or ward accommodations, you will receive specialized clinical services by our highly competent, attentive and compassionate staff.

At the Princess Zahra Pavilion, you can occupy a single room or deluxe suite, which are modern, spacious and offer a calming lakeside view in a relaxed atmosphere. Each room is enhanced with comfortable high quality hospital furnishings, equipped with modern medical fixtures and fitted with advanced patient monitoring technology. Adjoining bathrooms can be found in each room with special features to make them easily accessible for patients with mobility issues. Our deluxe suites provide additional living space for patients and their families.

Enjoy

Ease and Convenience

Travelling for care can be stressful and anxiety-ridden for patients and their families. Our warm and friendly concierge staff can facilitate to make this experience as smooth and easy as possible.

They are available to assist patients and families before, during and after travel, with coordination of a range of services including liaising with doctors and nurses, pre-visit appointments, medical record reviews, transportation and accommodation as well as various other personal requests. With experience of managing hundreds of patients from multiple countries in Asia, Africa and North America, our team is well equipped to take away all your logistical worries so you can remain fully focused on recovery.

Find Comfort

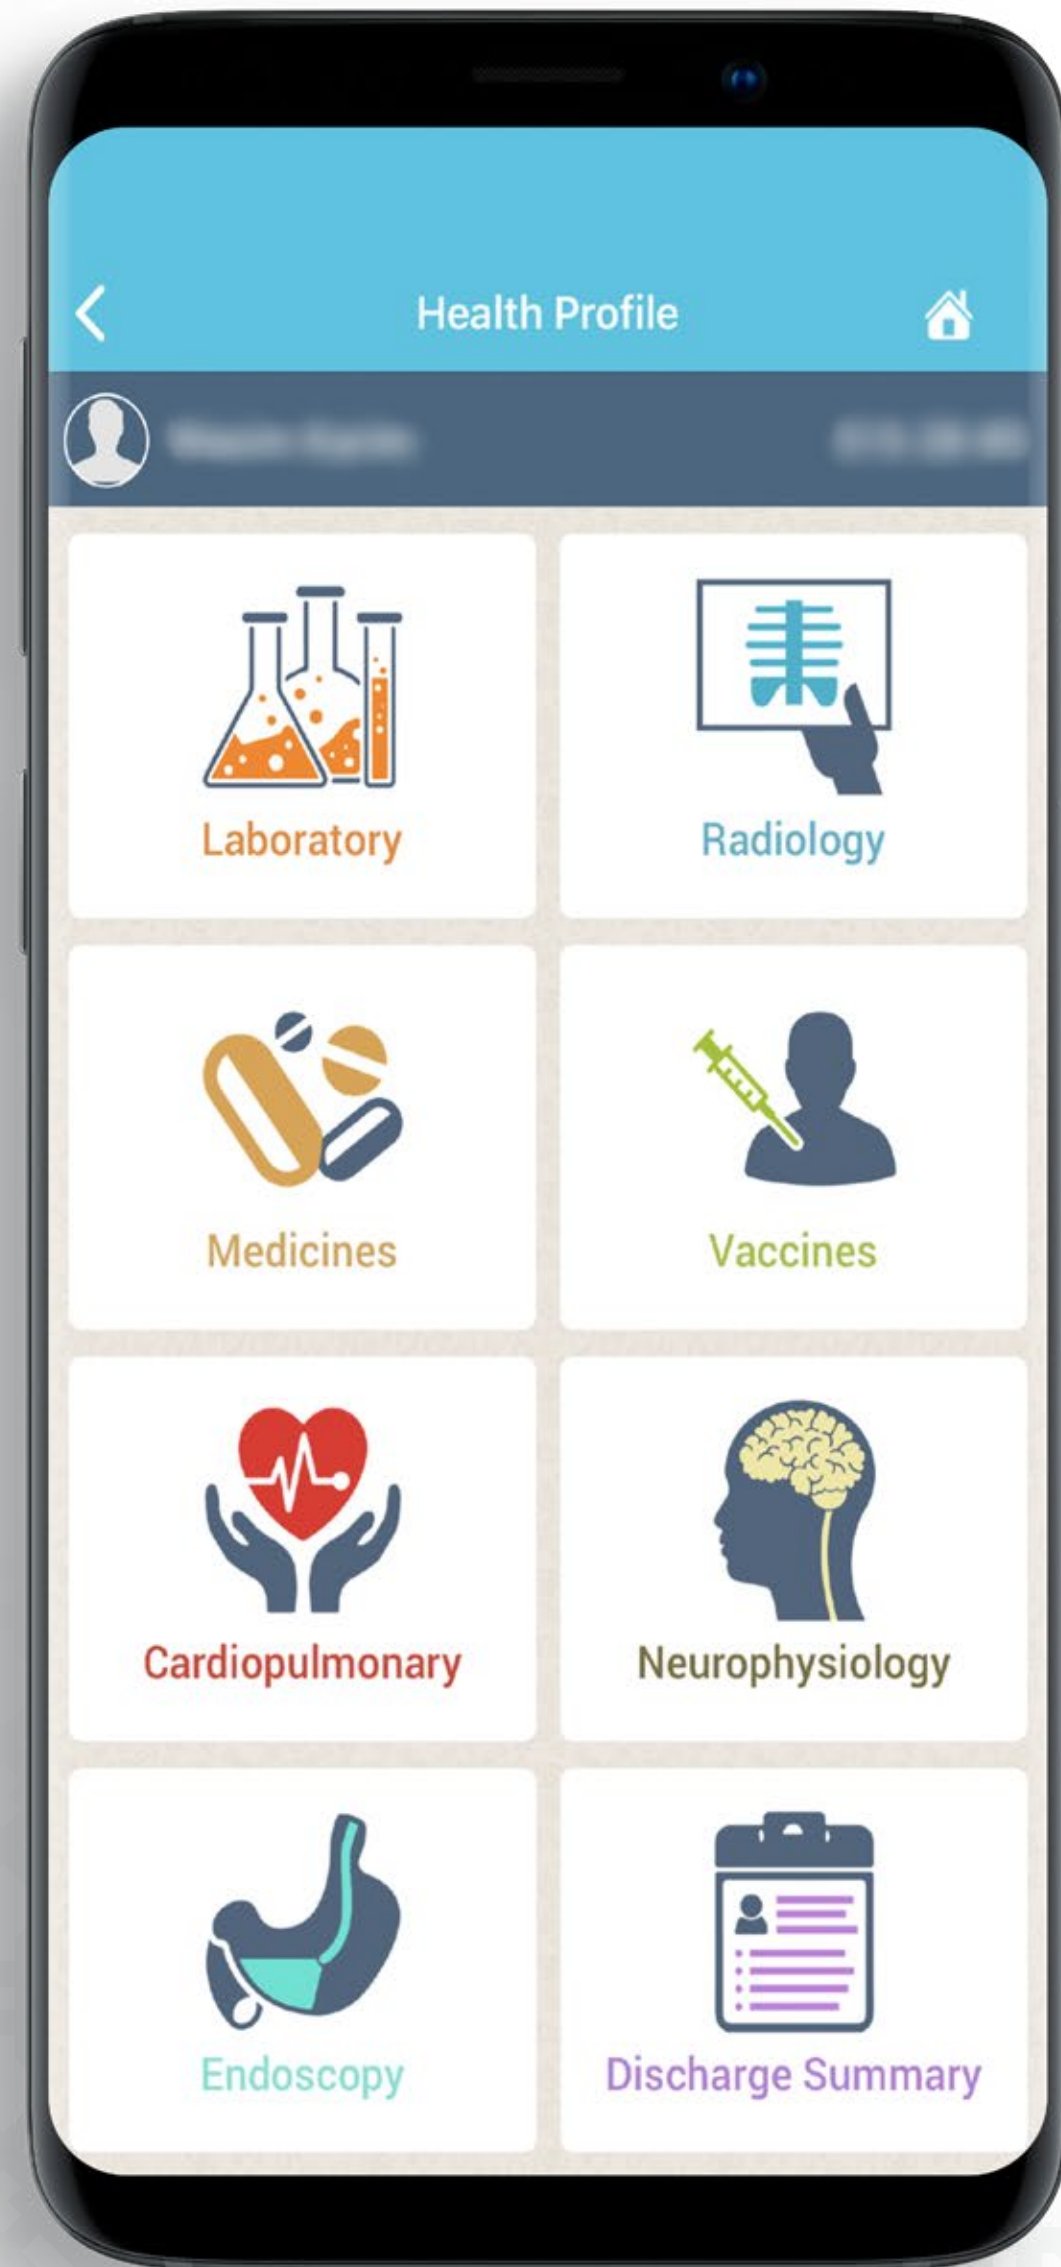

In our hospitality culture

Pakistan is known for its hospitality and its culture of warm reception and treatment of guests. You will find your stay at AKUH, no different.

Our Concierge Services will ensure you have all the comforts you need while you are here. Our internationally trained master chefs work closely with our dietitians to carefully craft nutritious meals that comply with the patient and disease requirements and contribute positively to the healing process.

Family and visitors may choose from a variety of delicious cuisines from the fine dining menu to fresh oven baked pizza to snacks and sandwiches.

Stay Connected

After you leave

You don't need to worry about your health records and summaries after your departure, nor do you need to be concerned with stacks of paper reports.

With our powerful *Family Hifazat* app, you will have all your records at your fingertips, including lab, diagnostic and discharge reports. You will have access to your list of medicines and vaccination. With the app, you will also be able to book follow up appointments with your doctors for tele-consultations, after your leave, with ease and convenience.

Insurance

And more

As Pakistan's leading tertiary care hospital, we have long-standing relationships with most global insurance providers. So, sit back and relax, and let our teams help you with all the paperwork and formalities.
